

Hi to our lovely families,

Due to the possibility of school closure after the school holidays (this may not happen but we thought it would be best for us to be organised) we are sending out a pack of possible work options for our students to complete.

Below is a suggested timetable if this helps (feel free to modify, adapt or delete any sections that you know will not work for you as a family!) We have modelled this a little bit on what we do at school but have included extra alternate activities to try and break the day up a little more.

Students can access Teams to stay in touch with us on the chat function. You can still keep in touch with us via SeeSaw or email too.

Please remember that it is the school holidays and this work is for you to use in the event of school no reopening after the holidays.

Good luck and we really appreciate your support.

Lindsey, Olivia, Mary-Ann, Ntsi, Donna and Susanne
