First Day Term 3

Dear Parents/Carers

Blackwood Camp in week 7 for our Upper Primary students in rooms 1, 8 and 16 was a huge success! Even though it was very cold, the staff and students had a wonderful camp experience with lots of great activities that challenged and extended the students. The staff who planned, organised and attended camp did an exceptional job that enabled camp to be so successful. I think students and staff are still recovering with a few tired students at school this week!

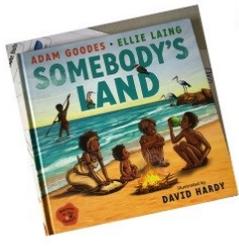

We have been fortunate to be working with a Professional Learning Community (PLC) Practice Instructor from the South Western Region of the Department of Education and Training working with our PLC's (Teacher teams) over Term 2. The focus of this work has been to use a range of protocols to enhance the work of the PLC's, with a focus on mathematics and student learning data. This has been really engaging and exciting work which will continue over Term 3. The opportunity to accelerate the already fantastic work of our PLCs is fantastic for staff and students alike.

We continue to battle through a very cold winter with lots of cold and flu going around which has resulted in high staff and student absences. We continue to look to replace staff however due to absences across Victoria there is a significant teacher shortage and we are often unable to replace absent staff. I would like to commend the flexibility of students and staff to enact split plans and changed daily schedules. The team work and support shown by everyone has been wonderful, well done!

With one week left of Term 2, I would like to wish everyone a wonderful last week of term and a great holiday break.
